

Nevada Health Link State Based Exchange Platform

1. Overview

This document is intended to provide a general overview of Nevada Health Link platform technology changes that were made to enhance consumer experience.

2. My Dashboard

The Dashboard will provide you information on the application status, Your Household Eligibility, and Your Health/Dental Plan Enrollments. New this year is the Case ID number which helps us locate your account when you call into our consumer assistance call center, coverage end date, change ones “Tobacco Status”, and the ability to “Cancel” an application that has been started.

3. My Eligibility Results

The Eligibility Results section has been completely updated. This section of the portal provides detailed information of the eligibility you’ve been granted based on your most recent application submitted. New this year is the “Optional Actions” which allows a consumer to request a full Medicaid determination which will generate a consumer to be account transferred for potential eligibility for Medicaid.

Optional actions

Based on the information you provided, you are eligible to enroll in a health plan through Nevada Health Link and you do not appear to be eligible for Medicaid. Per paragraph of 45 CFR 155.345(c), promulgated under the Patient Protection and Affordable Care Act, your household has the option to request a full determination of Medicaid eligibility.

You should only request this option if you have a specific reason to think you may be eligible for Medicaid that was not included in the application (such as being over age 65, blind or disabled pursuant to Social Security regulations). You will have to provide Medicaid with additional information on your living arrangements, assets, resources and gross income. By requesting a full determination, you acknowledge that if you enroll in Medicaid, the Division Welfare and Support Services has the authority to recover all payments for services received on or after age 55 for deceased Medicaid beneficiaries.
