ABOUT: NevadaHealthLink.com is the online insurance marketplace operated by the Silver State Health Insurance Exchange (Exchange), which was established per Nevada Revised Statutes (NRS) in 2011 by the State of Nevada and began operations in 2013 on the belief that all Nevadans deserve access to health insurance. In 2019, the Exchange transitioned away from the federal marketplace, HealthCare.gov and became a fully operational State Based Exchange (SBE). Now, this is the fourth year Nevada Health Link is operating as a state-based exchange. The Open Enrollment Period on NevadaHealthLink.com connects eligible Nevada residents to budget-appropriate health and dental coverage and is the only place where qualifying consumers can receive federal tax credits to help cover premium costs. The Open Enrollment Period is available November 1 through January 15.
