Enrollment Metrics Update

- On January 23, 2023, SSHIX issued the following press release announcement summarizing our end-of-OEP enrollment numbers:
<https://www.nevadahealthlink.com/wp-content/uploads/2023/01/HIX-PR-PRS-FinalOEPSuccess-FINAL.pdf>
- As of the close of OEP at midnight on 1/20, SSHIX had enrolled 96,379 unique consumers in Health insurance during open enrollment.
- 18,117 were new enrollees, meaning they were not previously enrolled in 2022 coverage.
- Detailed metrics including SADP enrollees will be provided in the March Monthly Carrier Meeting.

Plan Cert Update

- The Draft Plan Year 2024 Letter to Issuers is currently in DRAFT form and still undergoing internal review. Once the review is complete, this letter will be sent out and will be published on our Carrier Resources page of the Nevada Health Link website. The draft letter welcomes public comment on the proposed guidance, as outlined in the letter, for a period of 30 days
- The Plan Year 2024 Intent to Sell and Intent to EDI Test carrier onboarding forms have been sent out to all carriers and can be located on the Carrier Resources page of our website.
- The Intent to Sell form is required from all carriers who intend to offer plans on Nevada Health Link in 2024, including both new and returning carriers. The Intent to EDI Test is only for new carriers who did not offer plans in 2023.
- PLEASE NOTE: The Intent to Sell and Intent to EDI Test forms submission due date to the Exchange is April 3, 2023, however, the sooner the better. Please submit the forms via email to mranson@exchange.nv.gov and pmanagement@exchange.nv.gov.

PHE Unwinding Update*

- SSHIX anticipates receiving the first wave of PHE-related Medicaid/CHIP terminations as early as mid-May, reflecting a 5/31/2023 coverage end date. The earliest that PHE-related consumers are expected to enroll in Exchange coverage would be a 6/1/2023 coverage begin date.
- SSHIX and GetInsured have developed functionality allowing consumers who claim their migrated application and submit a plan selection within 60 days of their Medicaid/CHIP termination date to enroll without a gap in coverage, even if a retroactive coverage begin date is required.
PLEASE NOTE: this functionality is dependent upon corresponding upgrades being implemented by the Division of Welfare and Supportive Services, Nevada's Medicaid/CHIP AE.
- SSHIX is currently evaluating CMS' proposed 16-month SEP, which would allow consumers who are untimely in claiming their migrated application (i.e. more than 60 days past the Medicaid/CHIP termination date) to enroll in coverage through the FFE. It is our goal to implement a similar fallback solution to enroll as many consumers as possible during the PHE unwinding period.
- In addition to a comprehensive marketing plan, SSHIX is hiring additional staff members for our call center to perform targeted outreach to consumers whose Medicaid/CHIP coverage has been terminated, but who have not submitted a plan selection.

*All proposed time frames and functionality are subject to change pending additional federal guidance
